Supporting Evidence: Mr. Myers is alleged to have violated mandatory condition number 3 by ingesting cocaine, as previously occurring on or about January 11, 2024, based on urinalysis testing.

On January 11, 2024, Mr. Myers reported to the U.S. Probation Office in Spokane as directed for the purpose of urinalysis testing. Mr. Myers subsequently provided a urinalysis sample that tested presumptive positive for cocaine, although denied any recent use of the substance. Mr. Myers further maintained that his last known use of any illicit substance, occurred on January 5, 2024, as previously reported to the Court. It should be noted that Mr. Myers did also submit to urinalysis testing with the U.S. Probation Office on January 8, 2024, which tested negative for cocaine.

Mr. Myers signed a drug use denial form denying any recent or knowing use of cocaine, as indicated during testing. On January 19, 2024, the lab report specific to Mr. Myers' January 11, 2024, urinalysis sample was received by the U.S. Probation Office, that which confirmed the client's urinalysis sample as being both positive for cocaine metabolite and dilute.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation(s) contained in this petition in future proceedings with the violation(s) previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.
